Florida Tile's East Village collection is true to its namesake NYC neighborhood. The creative hotbed of lower Manhattan is beloved for its patented grit and spirited grandeur. A melting pot of artists, actors, musicians, and more, it embodies a rich coming together of social, cultural, and architectural histories that ardently resist the norm. Synonymous with its iconic boutiques, lounges, bookstores, and cafes, East VillageHDP celebrates a freethinking aesthetic that pushes boundaries and never ceases to deliver authentic, head-turning style.

This color body porcelain field tile boasts a wide range of rectified formats – 3.75x12, 12x24, and 24x48, complemented by a dramatic, oversized waterjet-cut hexagon measuring 22.5x22.5. Transient variations of tone in an artful, washed concrete look are found in each of the five colors: Avenue

A Gray, E. Houston Warm Gray, Potter's Red Clay, Stuyvesant Charcoal, and Tompkins Blue/Black. Completing this inspired collection are a bullnose and 36-piece mosaic in each color and two unique, waterjet-cut, tri-colored, pieced hexagon mosaics in both a warm and cool mix.

East Village is made in the USA in our Green Squared® certified Advanced Manufacturing Center in Lawrenceburg, KY. It consists of 40% pre-consumer, recycled content and meets the DCOF AcuTest® requirements to be installed in level, wet areas. It is GREENGUARD® and Porcelain Tile certified. Incorporated into the tile surface is Microban® antimicrobial technology that works continuously to inhibit bacteria growth, improve visible cleanliness, and reduce odors.
